# Study & Evaluation Scheme Study Summary

Name of the Faculty	Faculty of Law
Name of the School	Quantum School of Law
Name of the Department	Department of Law
Program Name	Integrated Bachelor of Arts and Bachelor of Law (Hons)
Duration	5 Years
Medium	English

### **Evaluation Scheme**

Type of Papers	Internal Evaluatio n (%)	End Semester Evaluation( %)	Total (%)					
Theory	40	60	100					
Practical/	40	60	100					
Dissertations/Project								
Report/ Viva-Voce								
Internal Evaluation Component	s (Theory Pape	ers)						
Mid Semester	60	Marks						
Examination								
Assignment –I		Marks						
Assignment-II	30	Marks						
Attendance	30	Marks						
Internal Evaluation Components	(Practical Pap	pers)						
Quiz One	30	Marks						
Quiz Two	30	Marks						
Quiz Three	30	Marks						
Lab Records/ Mini Project	30	Marks						
Attendance	30	Marks						
End Semester Evaluation (Pr	actical Papers	)						
ESE Quiz	40 Marks							
ESE Practical	40	Marks						
Examination								
Viva- Voce	20	Marks						

# **Structure of Question Paper (ESE Theory Paper)**

The question paper will consist of 5 questions, one from each unit. Student has to Attempt all questions. All questions carry 20 marks each. Parts a) and b) of question Q1 to Q5 will

be compulsory and each part carries 2 marks. Parts c), d) and e) of Q1 to Q5 Carry 8 marks each and the student may attempt any 2 parts.

#### **Important Note:**

- 1. The purpose of examination should be to assess the Course Outcomes (CO) that will ultimately lead to attainment of Programme Specific Outcomes (PSOs). A question paper must assess the following aspects of learning: Remember, Understand, Apply, Analyze, Evaluate & Create (reference to Bloom's Taxonomy). The standard of question paper will be based on mapped BL level complexity of the unit of the syllabus, which is the basis of CO attainment model adopted in the university.
- 2. Case Study is essential in every question paper (wherever it is being taught as a part of pedagogy) for evaluating higher-order learning. Not all the courses might have case teaching methods used as pedagogy.
- 3. There shall be continuous evaluation of the student and there will be a provision of real time reporting on QUMS. All the assignments will be evaluated through modules available on ERP for time and access management of the class.

#### **Program Structure** – Integrated Bachelor of Arts and Bachelor of Law (Hons)

#### Introduction

Integrated Bachelor of Arts and Bachelor of Law (Hons) syllabus is broad and multidisciplinary consists of various courses in General Law including subject specific as Contract, Tort, Jurisprudence, Criminal Law, Constitutional law, Civil law, Mercantile Law, Taxation Law, Family Law, Local Laws etc. Along with this courses related to honors program as Quantum University Offers Honors Degree includes eight additional papers such as Information technology Law, Intellectual Property law, Health Law. Corporate Governance, International Trade Economics, Environment Law, Maritime Law, Human Rights Law and Practices.

The B.A (H).LL.B subjects are designed in such a way that students grasp all the knowledge related to Law and their implication in the present scenario. Towards enhancing employability and entrepreneurial ability of the graduates the Quantum University increase the practical content in the courses wherever necessary. The total number of credit hours in 10 semesters including Student READY programme will range from 350 to 380 for all the programmes.

In order to harness regional specialties and to meet region-specific needs the Quantum University modify the content of syllabus as per the regional demands and needs The Quantum University offering the general specializations in Law.

**Internship Programme**: This program will be undertaken by the students during the even semesters for a total duration of 20 weeks with a weightage of 2 credits. It will consist of extensive internship in the related field followed by presentation on the internship reports and viva. The students would be attached with the particular agency to get an experience of the industrial environment and working. The students would be required to record their observations in the reports on daily basis and will prepare their project report based on these observations.

#### B. Choice Based Credit System (CBCS)

Choice Based Credit System (CBCS) is a versatile and flexible option for each student to achieve his target number of credits as specified by the UGC and adopted by our university.

The following is the course module designed for the B.A. (H) LL.B:

Core competency: Students will acquire core competency in Law Subjects and in allied subject areas.

**Program/Discipline Specific Elective Course (DSEC)**:

**Skilled communicator:** The course curriculum incorporates basics and advanced training in order to make a graduate student capable of expressing the subject through technical writing as well as through oral presentation.

**Critical thinker and problem solver:** The course curriculum also includes components that can be helpful to graduate students to develop critical thinking ability by way of solving legal problems advance knowledge and concepts of Legal Studies.

**Sense of inquiry:** It is expected that the course curriculum will develop an inquisitive characteristic among the students through appropriate questions, planning and reporting experimental investigation.

**Ethical awareness/reasoning:** A graduate student requires understanding and developing ethical awareness/reasoning which the course curriculums adequately provide.

**Lifelong learner:** The course curriculum is designed to inculcate a habit of learning continuously through use of advanced ICT technique and other available techniques/books/journals for personal academic growth as well as for increasing employability opportunity.

Value Added Course (VAC): A value added audit course is a non-credit course which is basically meant to enhance general ability of students in areas like soft skills, quantitative aptitude and reasoning ability - required for the overall development of a student and at the same time crucial for industry/corporate demands and requirements. The student possessing these skills will definitely develop acumen to perform well during the recruitment process of any premier organization and will have the desired confidence to face the interview. Moreover, these skills are also essential in day-to-day life of the corporate world. The aim is to nurture every student for making effective communication, developing aptitude and a general reasoning ability for a better performance, as desired in corporate world, however, it will be compulsory for every student to pass these courses with minimum45% marks to be eligible for the certificate. These marks will not be included in the calculation of CGPI. Students have to specifically be registered in the specific course of the respective semesters.

**Skill Enhancement Course:** This course may be chosen from a pool of courses designed to provide value-based and/or skill-based knowledge.

**Programme Elective Course (PEC):** Programme Elective is an additional subject that is compulsory in a program. The score of Programme Elective is counted in the overall aggregate marks under Choice Based Credit System (CBCS). Each Programme Elective paper will be of 6 Credits in V to X semesters. Each student has to take Programme Elective from department.

**Mandatory Course (MC):** This is a compulsory course but audit that does not have any choice and will be of 3 credits. Each student of Program has to compulsorily pass the Environmental Studies and Human values & professional Ethics and NSS.

#### C. Program Outcomes of Integrated Bachelor of Arts and Bachelor of Law (Hons)

PO-01	Will be able to explore and understand the substantial and procedural laws in which they are going to deal and students will be able to know the legislative setup.
PO-02	Students will be eligible for practice in Courts, Industries, Companies as legal practitioner and work in an advanced legal sector.
PO-03	Will be able to possess professional skills required for legal practice such as Argument, Pleading, drafting, conveyancing etc.
PO-04	Students will recognize the need for and have the preparation and ability to engage in independent and life-long learning in the broader context of legal change.
PO-05	Students will understand the impact of the professional, legal solutions in environmental contexts and demonstrate the knowledge of and need for sustainable development.
PO-06	Will be able to apply ethical principles and commit to legal professional ethics, responsibilities and norms of the established legal practices.
PO-07	Ability to understand, analyze and communicate regional, national, global economic, legal, and ethical aspects of business.

# **D. Program Specific Outcomes:**

PSO-01	Will be able to demonstrate understanding of substantive and procedural law sufficient to enter the legal profession and professions in which legal knowledge is an advantage
PSO-02	. Will have the capability to understand the laws at national and global level and to solve the client's problem.
PSO-03	Will be able to Gather and interpret relevant facts and conduct legal research.
PSO-04	Will be able to associate the learning from the courses related to Law and Management.
PSO-05	Will be able to analyze social problems and understand social dynamics.
PSO-06	Will be able possess the skills to communicate in both oral and written forms of communication and ability to formulate legal problems and using appropriate concepts and methods to solve them.
PSO-07	Will be able use skills in specific areas (e.g. Criminal, Industrial-organizational, Clinical, Counseling, Social, Contractual, Community, Commercial Law, Business, and Corporate etc.).

#### E. Program Educational Objectives (PEO's)

PEO-01	Students will be able to equip themselves with skills and knowledge to lead and advise corporate and other legally organization and global competencies by studying law in the particular context of business administration and management
PEO-02	Able to edge over other peers to lead and shape social, public and corporate enterprises such as the State, Community organizations and Social Enterprises, become justice sentinels and justice crusaders.
PEO-03	Able to gain hands-on experience in legal knowledge, skills, ethics and values to be able to work in a fast changing globalizing world, which will facilitate learning law in a profound way in response to contemporary developments.
PEO-04	Able to acquire cognitive skills, problem solving skills, analytical and independent critical thinking with enhanced research capabilities.

#### F. Pedagogy & Unique practices adopted:

"Pedagogy is the method and practice of teaching, especially for teaching an academic subject or theoretical concept". In addition to conventional time-tested lecture method, the institute will emphasize on experiential learning:

Role Play & Simulation: Role-play and simulation are forms of experiential learning. Learners take on different roles, assuming a profile of a character or personality, and interact and participate in diverse and complex learning settings. Role-play and simulation function as learning tools for teams and groups or individuals as they "play" online or face-to-face. They alter the power ratios in teaching and learning relationships between students and educators, as students learn through their explorations and the viewpoints of the character or personality they are articulating in the environment. This student-centered space can enable learner-oriented assessment, where the design of the task is created for active student learning. Therefore, role-play& simulation exercises such as virtual share trading, marketing simulation etc. are being promoted for the practical-based experiential learning of our students.

Video Based Learning (VBL) &Learning through Movies (LTM): These days technology has taken a front seat and classrooms are well equipped with equipment and gadgets. Video-based learning has become an indispensable part of learning. Similarly, students can learn various concepts through movies. In fact, many teachers give examples from movies during their discourses. Making students learn few important theoretical concepts through VBL & LTM is a good idea and method. The learning becomes really interesting and easy as videos add life to concepts and make the learning engaging and effective. Therefore, our institute is promoting VBL& LTM, wherever possible.

*Field/Live Projects:* The students, who take up experiential projects in companies, where senior executives with a stake in teaching guide them, drive the learning. All students are encouraged to do some live project other their regular classes.

*Industrial Visits:* Industrial visit are essential to give students hand-on exposure and experience of how things and processes work in industries. Our institute organizes such visits to enhance students' exposure to practical learning and work out a report of such a visit relating to their specific topic, course or even domain.

MOOCs: Students may earn credits by passing MOOCs as decided by the college. Graduate level programs may award Honors degree provided students earn pre-requisite credits through MOOCs. University allows students to undertake additional subjects/course(s) (In-house offered by the university through collaborative efforts or courses in the open domain by various internationally recognized universities) and to earn additional credits on successful completion of the same. Each course will be approved in advance by the University following the standard procedure of approval and will be granted credits as per the approval. Keeping this in mind, the University proposed and allowed a maximum of two credits to be allocated for each MOOC courses. In the pilot phase it is proposed that a student

undertaking and successfully completing a MOOC course through only NPTEL could be given 2 credits for each MOOC course.

For smooth functioning and monitoring of the scheme the following shall be the guidelines for MOOC courses, Add-on courses carried out by the College from time to time.

- a) It will be necessary for every student to take at least one MOOC Course throughout the programme.
- b) There shall be a MOOC co-ordination committee in the College with a faculty at the level of Professor heading the committee and all Heads of the Department being members of the Committee.
- c) The Committee will list out courses to be offered during the semester, which could be requested by the department or the students and after deliberating on all courses finalize a list of courses to be offered with 2 credits defined for each course and the mode of credit consideration of the student. The complete process shall be obtained by the College before the end of June and end of December for Odd and Even semester respectively of the year in which the course is being offered. In the case of MOOC courses, the approval will be valid only for the semester on offer.
- d) Students will register for the course and the details of the students enrolling under the course along with the approval of the Vice Chancellor will be forwarded to the Examination department within fifteen days of start of the semester by the Coordinator MOOC through the Principal of the College.
- e) After completion of MOOC course, Student will submit the photo copy of Completion certificate of MOOC Course to the Examination cell as proof.
- f) Marks will be considered which is mentioned on Completion certificate of MOOC Course.
- g) College will consider the credits only in case a student fails to secure minimum required credits then the additional subject(s) shall be counted for calculating the minimum credits required for the award of degree.

Special Guest Lectures (SGL) &Extra Mural Lectures (EML): Some topics/concepts need extra attention and efforts as they either may be high in difficulty level or requires experts from specific industry/domain to make things/concepts clear for a better understanding from the perspective of the legal industry. Hence, to cater to the present needs of industry we organize such lectures, as part of lecture-series and invite prominent personalities from academia and industry from time to time to deliver their vital inputs and insights.

Student Development Programs (SDP): Harnessing and developing the right talent for the right industry an overall development of a student is required. Apart from the curriculum teaching various student development programs (training programs) relating to soft skills, interview skills, SAP, Advanced excel training etc. that may be required as per the need of the student and industry trends, are conducted across the whole program. Participation in such programs is solicited through volunteering and consensus.

*Industry Focused programmes:* Establishing collaborations with various industry partners to deliver the programme on sharing basis. The specific courses are to be delivered by industry experts to provide practice-based insight to the students.

Special assistance program for slow learners & fast learners: write the note how would you identify slow learners, develop the mechanism to correcting knowledge gap. Terms of advance topics what learning challenging it will be provided to the fast learners.

*Induction program:* Every year 3 weeks induction program is organized for 1st year students and senior students to make them familiarize with the entire academic environment of university including Curriculum, Classrooms, Labs, Faculty/ Staff members, Academic calendar and various activities.

*Mentoring scheme:* There is Mentor-Mentee system. One mentor lecture is provided per week in a class. Students can discuss their problems with mentor who is necessarily a teaching faculty. In this way, student's problems or issues can be identified and resolved.

Competitive exam preparation: Students are provided with one class in every week for GATE/ Competitive exams preparation.

Extra-curricular Activities: organizing& participation in extracurricular activities will be mandatory to help students develop confidence & face audience boldly. It brings out their leadership qualities along with planning & organizing skills. Students undertake various cultural, sports and other competitive activities within and outside then campus. This helps them build their wholesome personality.

Career & Personal Counseling: - Identifies the problem of student as early as possible and gives time to discuss their problems individually as well as with the parents. Counseling enables the students to focus on behavior and feelings with a goal to facilitate positive change. Its major role lies in giving: Advice, Help, Support, Tips, Assistance, and Guidance.

Participation in Flip Classes, Project based Learning (A2 Assignment), Workshops, Seminars & writing & Presenting Papers: Departments plan to organize the Flip Classes, Project based Learning (A2 Assignment), workshops, and Seminars & Guest lecturers time to time on their respective topics as per academic calendar. Students must have to attend these programs. This participation would be count in the marks of general Discipline & General Proficiency which is the part of course scheme as non-credit course.

Formation of Student Clubs, Membership & Organizing & Participating events: Every department has the departmental clubs with the specific club's name. The entire student's activity would be performed by the club. One faculty would be the coordinator of the student clubs & students would be the members with different responsibility.

Capability Enhancement & Development Schemes: The Institute has these schemes to enhance the capability and holistic development of the students. Following measures/ initiatives are taken up from time to time for the same: Career Counseling, Soft skill development, Remedial Coaching, Bridge Course, Language Lab, Yoga and Meditation, Personal Counseling

Library Visit & Utilization of QLRC: Students may visit the library from morning10 AM to evening 8 PM. Library created its resources Database and provided Online Public Access Catalogue (OPAC) through which users can be accessed from any of the computer connected in the LAN can know the status of the book. Now we are in process to move from OPAC to KOHA.

# Detailed Syllabus (Semester wise /course wise) SEMESTER 1 Year -1

	SEMESTER I Year -1	
LW5101	Title: Legal Method	LTPC
		5 1 0 6
Version No.	1.0	
Course	Nil	
Prerequisites		
Objectives	This paper focus on orientation of student to legal study from the point of view of basic concept of law and legal system	
Expected	This subject will be helpful to understand basic concept of law and legal system.	
Outcome		
Unit No.	Unit Title	No. of hours (per Unit)

		5 1 0 6
Version No.	1.0	
Course	None	
Prerequisites		
Objectives	Telecommunication is a key infrastructure for economic and industrial	
	development. The reforms carried out in the sector, including the entry of private	
	operators, have resulted in unprecedented growth in the sector.	
<b>Expected Outcome</b>	This course is an attempt to look at the telecommunication laws and policies in India	
	As the distinction between telecommunication and broadcasting technologies are	
	getting blurred with the convergence of technologies, this course also takes a look at	
	the broadcasting laws.

LW5802	Title: Property Law	LTP C 510 6							
Version No.	1.0	3100							
Course	Nil								
Prerequisites									
Objectives  Expected Outcome	Before the enactment of the Transfer of Property Act, 1882 in India the transfer of property was governed by its respective customary law. The Courts during this period applied the common law of England and the rules of equity, justice and good conscience with respect to disputes relating to transfer of property. The conflicting Judgments and unsuitability of these principles in Indian scenario necessitated the enactment of legislation.  The goal of this course is to make students capable of dealing with issues related								
Expected Outcome	property law and to gain knowledge to deal with the property.

LW5815	Title: Mediation law	LTPC
Version No.	1.0	5106
	Nil	
Course Prerequisites		
Objectives	Delays and arrears in courts have long been causing frustration and hardship to the disputants. Hence, the Alternative Dispute Resolution (ADR) Methods such as Arbitration, Conciliation and Mediation are being actively encouraged by the Governments and the Judiciary to provide a mechanism for speedy justice to the disputants at lower costs.	
<b>Expected Outcome</b>	The goal of this course is to make students capable of dealing with the course on ADR and to gain the knowledge and skills essential to sensitize the students to practice various ADR mechanisms.

LW5902	Title: Moot Court Exercise	LTPC 01106
Version No.	1.0	0 1 10 0
Course	Nil	
Prerequisites		
Objectives	This paper is aimed at imparting the practical skills of research, case analyses and strategy, witness handling, and presentation of arguments at the trial and appellate stages of a case. The teaching methods used in the course will include hypotheticals, role plays, simulation, and court visits.	
Expected	This subject will be helpful to understand basic concept of law and legal system.	
Outcome	The state of the s	
Unit No.	Unit Title	No. of hours (per Unit)
Unit I	Moot Courts	9

The teacher teaching this course will supply three Moot Court problems to the students in the course of a single semester requiring them to work on all three problems assigned to them, prepare written submissions (memorials) and present oral arguments in a moot court setting. 30 marks for this component are divided equally between written submission and oral arguments. Students may be asked to work in teams at the discretion of teacher. Each student will prepare a case only on one side.

#### A. Rules re Memorial submissions:

- 1. Each student / team must submit one typed and bound copy of the memorial on either side no later than the date fixed and announced in the class. Memorials will not be accepted after the prescribed date and time and the student will loose the marks assigned for that assignment.
- 2. Memorial specifications:
- a) Memorials must be printed on A4 size white paper with black ink on both sides of the paper.
- b) The body of the memorial must be in Fonts Times New Roman, Size 12 and footnotes in Fonts Times New Roman in Size 10.
- c) Each page must have a margin of at least one-inch on all sides. Do not add any designs or borders on the pages.
- d) Memorials should be submitted with differently colored Title Page for each side:
  - Title page in red colour for Petitioner / Appellant
  - Title page in blue colour for respondent
- e) The Memorial should not exceed 20 typed pages (line space 1.5) and shall consist of the following Parts:
  - Table of Contents
  - Statement of Facts
  - Statement of Jurisdiction
  - List of References and Cases
  - Statement of Issues
  - Summary of Arguments
  - Detailed Pleadings
  - Praver
  - Affidavit, if necessary
- f) Relevant Annexures may be kept by the student and may be used during oral arugments, if necessary.
- B. Rules re Oral Arguments:
  - Court Language shall be English unless prior permission is sought from the teacher to speak in Hindi.
  - Each student would be given 10 minutes to present their oral arguments
  - Judges may, at their discretion extend oral argument time, up to a maximum of 5 minutes.
  - Rebuttal would be allowed only to the petitioner and they would have to specify in the beginning the time they
    want to set apart for rebuttal.
- **C.** Evaluation: The oral performance will be evaluated on the basis of communication skills, application of facts, persuation / use of authorities, and response to questions.

Unit II	Mock Trial	8
The students would	be required to conduct trial in two cases, one Civil and one Criminal during the course of	of the

semester. The students will be divided in teams of lawyers and witnesses. Each student will be required to function as a lawyer and witness in the trials being simulated in the classes. Students' performance will be evaluated on the basis of equal marks being assigned for case analysis, written submissions, Examination-in-chief, Cross-examination, and final arguments. 5 marks will be assigned for performance as witnesses.

Unit III Internship – Court Visit / Chamber placements 10

This part will require the students to be attached with practicing lawyers with a minimum of ten years standing at the Bar. A minimum of two hours are to be spent daily with the lawyer observing client dealings, drafting, conducting fact investigations, etc., for at least twenty-four days in the semester. At the end of internship, a certificate confirming the student's attendance at the lawyers office will have to be produced. During the court visits, the students will be required to observe the following stages in cases: Framing of charges / issues

- 1. Examination-in-Chief
- 2. Cross-examination
- 3. Final Arguments

In the lawyer's chamber they are required to do the following:

- 1. Read minimum of four case files to learn how files are prepared and maintained
- 2. Learn how to maintain records and accounts
- 3. Do legal research in at least two cases
- 4. Draft minimum of two documents in an ongoing case in the chamber
- 5. Observe client interviewing and counselling with the permission of the lawyer and clients in at least two cases

In court visits the students are required to observe the following stages and write reports of their observation in the diary:

- Framing of charges
- Examination-in-Chief
- Cross-examination
- Final arguments

The students are expected to maintain a diary of their field visits, work done during placement and their observations. In the diary, keep a log of the time spent each day including factual accounting of your experience of what you are doing, seeing and hearing. However, the diary should not be only descriptive of each day but should focus on what you learnt during the day. What were you thinking and feeling about your experiences? What is exciting or surprising? What is bothering you? What are your questions or insights about lawyering and judging? What criticism or praise do you have for the legal system? What else would you like to be taking place in your experience? Please be careful that while writing your accounts you do not reveal any confidential information.

The diary should contain two parts: (a) the factual and analytical information about your internship; and (b) two legal documents drafted by you during internship. Each part will be evauated separately for 15 marks each. This part carries a total of 30 marks.

The diary is an integral part of the course and you will be evaluated in terms of thoughtfulness and reflections about your learning experience. Be sure to write the journal

in your own words even if you went with another class fellow or were in a group and observed the same things. If two students are found to have copied each other's language, both the students will be given a zero for that work.

There is no written examination in this course at the end of semester. Students will be evaluated on the basis of their performance in the practical exercises conducted during the classes.

The examination in this paper is divided in four parts.

Part A consists of Moot courts focused on appellate advocacy and carries 30 marks;

Part B is dedicated to training the students in skills of trial advocacy and carries 30 marks;

Part C aims at imparting practical experience to students through internship, court room and Chamber visits. This part carries 30 marks.

carries 50 marks.
