Details are as follows.

Company Name	rtCamp Solutions Private Limited
Company Website	https://rtcamp.com/
About Company	RtCamp has been remote since 2014. Much before COVID forced people to go remote. To be successful in a remote job, you need to have awesome general writing skills.
Role and Responsibilities	<p>After completion of your training, you will be developing mainly PHP applications packages as Word Press themes and plug-in. Please note that your work will involve a lot of PHP programming to build features that Word Press users use to build sites without code. PHP is must.</p> <p>While Word Press commands impressive market share of more than 40% of the entire web, rtCamp deals with very few Word Press sites but they are some of the most visited sites such as Indian Express, Al Jazeera or built for some of the biggest brands such as Facebook, Google and Government agencies across the world. So the work you do must be secure and scalable.</p> <p>Like Seas product companies, we build and deploy Word Press-based solutions multiple time of the day. So your code need to have test-cases that helps automated system verifies quality before it gets shipped. This is one part you will be completely trained on so you don't need to worry about knowing this in advance.</p>
Requirements and Skills	<p>Solid understanding of computer science fundamentals and web/internet/client-server networking</p> <ul style="list-style-type: none"> ● Good PHP programming skills ● Decent knowledge of HTML, CSS, JavaScript, MySQL ● Version control software such as get ● Architectural concepts such as background job processing <p>Knowledge of Word Press plug-in and theme development</p> <ul style="list-style-type: none"> ● Package managers such as composer ● Experience with web servers e.g. Nginx, Apache ● Unit testing frameworks

	<ul style="list-style-type: none"> ● Some understanding of hardware (CPU, RAM, Motherboard, etc)
